HUNGARY IS FACED WITH NEW STRIKE

BULLETIN
Vienna, Austria, (AP)—President Eisenhower's crash program for getting 15,000 more Hungarian refugees into the United States started today. The first applicants for "parole" were asked to fill out a simple new form of only two short pages. It did not ask about Communist affiliation. Retired Gen. Joseph M. Swing, U. S. commissioner of Immigration, is due in Vienna tomorrow to watch the program get rolling. Today's applications were taken at Salzburg, where the United States has a consulate. In Vienna the job will start Monday.

Budapest, Hungary, (AP)—A new general strike and bloodshed was threatened today. The Central Workers Council issued a proclamation warning the Soviet-imposed government of Premier Janos Kadar that continuation of its tactics against elected worker representatives would result in "a general strike, bloodshed and a new national tragedy." The Central Workers Council has gradually emerged as the leadership of Hungarian anti-Kadar, anti-Soviet feeling. Kadar so far has turned down every demand of the council on behalf of the people and workers, but his own popular support has been so shaky that he has not dared openly to withdraw his recognition of the body as the negotiating agency for Budapest workers.

Sharon Boy Starts For School, Winds Up In Akron, Ohio

Akron, Ohio (AP)—A 12-year-old boy, who started for school in Sharon, Pa., but wound up in Akron, by mistake after hitching a ride, was returned home by his parents today. Russell Leroy Langley told police he had an hour to kill while waiting for the school bus near Sharon yesterday and decided to walk around the neighborhood. He said he suddenly realized he was lost and hitch-hiked a ride with a motorist who he thought was headed for the school bus stop. "The boy said he thought it was taking a long time to get back to the bus stop, but didn't say anything until the motorist stopped 'in a big city and then I asked where we were.' Akron is about 60 miles from Sharon. Russell told his troubles to a policeman, who found lodging for him last night and notified the boy's parents, Mr. and Mrs. Russell Langley, Route 2, Sharon.

Area Board Meeting Mon. To Discuss Proposed New School

A new high school for Warren, perhaps by 1959, moves another step along the way Monday night when the Joint School Board meets in Beaty cafeteria. At that time a recommendation for a \$2,000,000 building on the disputed Swick site will be placed before the entire board by the joint Committee. That body, in a 12-2 decision, approved the Swick site recommendation at its November meeting. Though reports continue to circulate that the site controversy will be carried on before the entire board, a large percentage of members is expected to favor the Swick location. A simple majority is all that is necessary to carry the motion.

Eden's Cabinet Still Facing A Shaky Future

London (AP)—Britain's Conservative party took a new hold on the reins of government today after weathering a parliamentary squall over the Suez invasion. But whether Sir Anthony Eden would remain in the driver's seat was still in doubt. In quick succession in the House of Commons last night the government beat down a Socialist motion censuring the Suez military intervention 327-260, then won a vote of confidence in its Middle East policy 312-260.

Defeat on either motion would have forced Eden and his Cabinet to resign and make way for new national elections which might have put the opposition Labor party in power.

The first 67-vote majority proved that the Conservatives, despite internal dissension over the abortive British-French strike into Egypt, still could close their ranks against any Socialist bid for national power. Actually the Conservatives have only 60 members than all other parties in the House.

The government's majority was reduced on the second vote by 15 Conservatives who abstained. This was a direct slap at Eden by Conservative backers of a tougher line in the Middle East, who think withdrawal now constitutes a humiliating reverse leaving Britain and France without any gains from the invasion.

But the small number of abstentions, in itself, was a Conservative victory, since more than 100 members of the party a week ago had signed a petition deploring the U. N. and U. S. demands for withdrawal to which the government bowed.

The vote came after a two-day foreign policy debate during which the Conservative party's determination to ride out the storm and hang on to government control was set forth by Acting Prime Minister R. A. Butler, heading the government while Eden is resting in Jamaica and regarded by many as Eden's heir apparent.

CONCESSION TAX

Pittsburgh (AP)—Allegheny County asked State Supreme Court today to reconsider its decision permitting Moon Twp. to tax concessions at the Greater Pittsburgh Airport. The high court on Nov. 28 upheld a lower court ruling that approved township taxation of some 30 business places at the airport terminal.

Should the approval be forthcoming, School Superintendent Dr. Carl E. Whipple stated this morning that state okay of funds for the new building could be expected in the period from July to October of 1957. After that approval is given, the Joint Board will have ten months in which to award bids.

This would place the start of actual construction in mid-1958 and it is hoped the building can be erected in a year, granting favorable weather, supply, etc. Under these ideal conditions, pupils could begin use of the building in the fall of 1959.

Officials of Borough, County And State Combine Forces To Break Up Incipient Gang War

An acute dislike of another boy's walk and haircut almost led to a teenage gang fight in Warren last evening.

Fast work by Warren police and State Troopers and Sheriff broke it up before it could be started and as a result Police Chief Mike Evan reported this morning that teenage groups of boys would no longer be allowed to congregate on street corners in this community.

The trouble which almost started last night began brewing Tuesday when a youngster was roughed up because another group of boys took exception to his particular shuffling gait, and hair style.

High School boys began taking sides and last night a parent called police to report that about 40 teenagers were going to meet and do battle.

Police promptly went to the rallying place and nabbed four of the ringleaders who planned to lead the gang to a pitched slugfest at the deserted space on the foot of Market street.

\$3,500,000 Spent by Political Parties in Penn'a Promoting Candidates in 1956 Election

Harrisburg (AP)—Pennsylvania political parties spent at least \$3 1/2 million dollars promoting their candidates in the 1956 election campaign.

That amount showed clearly through a maze of figures filed yesterday with the State Elections Bureau as expenses of the Republicans and Democrats.

Transfer of money from local committees to the state level and, then back to the local level eliminates any possibility of compiling an accurate figure.

The GOP Finance Committee reported receiving \$1,663,916 in contributions and spending \$1,669,178, with \$45,000 still owed.

The Republican State Committee said it received \$641,305 and spent \$581,343, leaving a balance of \$60,000.

Thus—the Republican total outlay was more than 2 million dollars.

On the Democratic side, the finance committee reported \$1,043,729 in contributions and \$1,034,099 in expenses and the state committee \$112,212 in receipts and \$109,334 in expenditures.

The Pennsylvania Citizens-for-Eisenhower-Nixon reported receiving \$44,132 in contributions and \$43,403 in expenses.

The Pennsylvania Volunteers for Stevenson-Kefauver filed a report showing \$12,395 in receipts and \$14,731 in expenses. It has more than \$2,990 in unpaid debts.

U. S. Sen. James H. Duff, defeated for re-election, reported getting \$9,444 in contributions and spending \$8,075. A Citizens-for-Duff Committee spent \$39,786 of \$40,895 it had received in donations.

The expense accounts of U. S. Sen-elect Joseph S. Clark, Democrat, were received at the State Election Bureau today by mail. The Clark-for-Senator Committee of Pennsylvania reported campaign receipts of \$40,410 and expenses of the same amount.

Clark's personal account showed expenditures of \$7,532. He noted that all contributions were received by the Clark-for-Senator Committee.

The Dollars-for-Democrats drive on Oct. 18, when a door-to-door canvass was conducted throughout the state, yielded \$89,330 in Pennsylvania.

PHILIPPINES WIN SEAT ON U. N. COUNCIL

By MAX HARRELSON

United Nations, N. Y. (AP)—The Philippines won a first ballot victory today over Czechoslovakia for a one-year term on the U. N. Security Council.

The vote in the 70-nation General Assembly was 51 for the Philippines, 20 for Czechoslovakia, Afghanistan 1, Spain 1 and Yugoslavia 1.

The Philippines had just one vote more than the two-thirds required since only 74 affirmative votes were cast.

Soviet Deputy Foreign Minister Vassily V. Kuznetsov immediately protested that the election discriminated against Eastern Europe. The seat which the Philippines will occupy previously had been held by Eastern European countries.

Yugoslavia will vacate the seat Dec. 31 after serving the first half of a normal two-year term under a private agreement reached last year to break a deadlock between Yugoslavia and the Philippines.

Kuznetsov, taking the floor immediately after this morning's vote, said the election of the Philippines constituted a "crude violation" of the U. N. charter's provision that the Council's membership should be based on equitable geographic distribution.

He also called the action a violation of a gentleman's agreement reached in London in 1946 on the composition of the Council. The United States contends this agreement, giving Eastern Europe one seat on the Council, was valid only for the first election.

The Soviet delegate accused the United States of trying to use the U. N. to serve its own purposes and said "this strikes at the very root of our organization."

"The Soviet Union must lodge an emphatic protest against the discrimination launched against the countries of Eastern Europe,"

Supported by both the United States and Britain, Filipino Delegate Felixberto Serrano expressed confidence his government would get the Yugoslav seat.

STRIKES PLAGUE HUNGARY

Vienna, Austria (AP)—The Communist Budapest radio admitted today that strikes in coal mines still are plaguing Hungary and called them a "blow against the nation." The radio broadcast a protest by the government trade union organ Nyakarat against "daily strikes and stoppages" in key coal mining areas. It said most of the walkouts had taken place in the Borsod, Tatabanya and Pecs areas, which are Hungary's main sources of coal.

New York (AP)—Three convicted men were called into federal court today to be sentenced for conspiracy in the acid blinding of labor writer Victor Riesel.

Up for sentencing were: Leo Telvi, 26, brother of the slain Abe Telvi, 22, who allegedly hurled sulphuric acid in Riesel's face in the early morning dark on a street just off Broadway last April 5.

Gondolfo Sheldie Miranti, 37, the alleged "finger man" in the attack.

Demenico Nick Bando, 47, one of the intermediaries. Guilty verdicts against the three were returned last yesterday by a jury of eight men and four women after 88 minutes of deliberation.

The three could draw sentences of up to five years in prison and fines of \$10,000 each from Judge William B. Herlands.

They were convicted specifically on charges of conspiracy to obstruct justice by helping Abe Telvi flee arrest after the attack on Riesel.

16-Year-Old Boy Charged With Slaying of Mother Brought To Warren State For Observation

News that a 16-year-old Jefferson county boy charged with the rifle slaying of his mother is in the Warren State Hospital for a mental examination, was confirmed by a member of the staff at the institution today.

District Attorney William McKnight, of that county, received court permission to have Samuel Lavella examined at North Warren. He was brought here Thursday afternoon on an order signed by Judge Robert Morris, of Jefferson county, which in effect states that:

"Samuel Thomas Lavella, 16, to be taken to Warren State Hospital for examination and observation and for the purpose of ascertaining whether or not the said Samuel Thomas Lavella at the time of the murder of his mother on December 1, 1956, was laboring under such a defect of reason, from disease of the mind, as not to know the nature or quality of the act he was doing, or, if he did know it, that he did not know he was doing what was wrong."

Dr. Israel and his staff will have to determine the mental condition of Lavella, and when the examination is completed the hospital will report to the judge its findings. It is not known at this time how much time will be required for this report to be completed.

An Associated Press dispatch says that if Lavella is found legally sane, his case will be presented to a Jefferson County grand jury next month and he probably will go on trial in February, McKnight said.

State Police Sgt. Joseph Dussla of the DuBois barracks said Lavella admitted shooting his 38-year-old mother with a rifle in the family home at Grenehaw, near Brockway, Saturday night after she had scolded him.

Dussla quoted the youth as saying he put the body in a station wagon and drove 13 miles to a wooded section where he placed the body beside a log. Hunters found the body the next day.

Herter and Whitney Are Mentioned For High Posts

Washington (AP)—The names of Gov. Christian A. Herter of Massachusetts and John Hay (Jock) Whitney were linked in speculation today with important posts in the Eisenhower administration.

Although neither appointment appeared imminent, rumors listed Herter as likely to replace Herbert Hoover Jr., as undersecretary of state and Whitney as a likely choice for U. S. ambassador to Great Britain.

Whitney, a millionaire sportsman and financier, reportedly has indicated he would be willing to take over the ambassadorial post now held by Winthrop W. Aldrich.

Herter conferred in Washington yesterday with both White House and State Department officials concerning his anticipated selection for some administration post after his term as governor expires Jan. 3.

NEW BUDGET IS DISCUSSED AT AUGUSTA

By MARVIN L. ARROWSMITH
Augusta, Ga., (AP)—President Eisenhower complained to Secretary of Defense Wilson today that "leakage" of military budget figures and manpower plans to the public "is something that's got to stop."

The President remarked about the matter as he and Wilson were about to start a conference on Pentagon plans reportedly calling for 38 billion dollars in defense expenditures during the fiscal year starting next July 1.

The informal discussion about "leakage" of Pentagon data in advance of any official release for publication was in the presence of two pool reporters representing newsmen assigned to cover the President.

James C. Hagerty, White House press secretary, said the conference quarters at the Augusta Golf Club were too small to permit all newsmen to be on hand for the start of the budget parley. So the rest were represented by Charles Roberts of Newsweek magazine and John Edwards of the American Broadcasting Co.

They later reported that Wilson first brought up the matter of "leakage" of budget data and manpower plans, talking in general terms. He obviously was referring to information obtained by newsmen and later published.

Alluding to budget and manpower planning, Wilson said: "We got started last June, and then things began to leak."

It was at that point the President said—and both Roberts and Edwards reported he showed irritation—that "this leakage is something that has got to stop."

Wilson said that when he started work on the military spending budget he did not know there was going to be trouble in the Middle East or that there would be the steel strike which occurred last summer.

"That certainly complicated things for me," the Cabinet officer remarked without elaboration.

Woman Is Stabbed To Death By Her Boy Friend

Washington, Pa. (AP)—A 30-year-old Finleyville woman was stabbed to death by her boy friend last night in an altercation over another man, police reported.

The victim was Lena Getz, Dist. Atty. Michael A. Hanna said. James E. Lytle, 37, also of Finleyville, stabbed her in the throat twice with a paring knife.

James Manion, chief of Washington County detectives, said the couple had been dating about three years.

Lytle, police said, told them he picked up the body and began carrying it back to town but it got too heavy and he laid it down between the tracks.

Lytle then walked into the John L. Sims Funeral Home and told Sims he had stabbed the woman. He then surrendered to Justice of the Peace Joseph Daugherty.

Aged Iraq Strong Man Said To Be Weakening Under Pressure

By WILLIAM L. RYAN
AP Foreign News Analyst
Beirut, Lebanon (AP)—Iraq's aged strong man is weakening under mounting pressure.

Nuri Said, 68-year-old premier of the nation which is an important key to the future of the whole Middle East, appears today to have his back to the wall.

Like a man preparing for an impending storm, Nuri has arrested and confined a number of opposition leaders. He has kept all secondary schools and colleges closed since the outbreak of fighting in Egypt to prevent student rioting.

He has clamped down a rigid martial law, transforming Iraq into what the literate population consider a total and often harsh police state.

He has imposed the strictest of military and civilian censorship on the local press and on foreign correspondents.

Variety Show Staged by Local Talent Enjoyed by Big Crowd At the Warren State Hospital

Warren State Hospital's annual Variety Show, staged Wednesday night in the Auditorium before a pleased audience of 1,000 patients and 200 visitors, ranged in its variety features from a nostalgic scene of the Gay Nineties to Rock and Roll numbers by a pseudo Elvis Presley whose resemblance to the teen ager's idol was purely coincidental.

Jim Hillman, director of recreation at the big hospital, was in charge of the 14 fine acts with Lloyd Van Tassel, director of music, handling the musical end of the show. With all hands having a part in making and arranging the props, both Messrs. Van Tassel

from an era of long ago, put on by three hospital employees, Bob Bogart, Roger Heister and Ed Gustafson. Their interpretations were excellent.

Made up of employees and patients, a Brass Choir rendered "Laura" and "Paper of Pins". Its personnel was composed of Cecil Whitehill, Charles Schaffer, Loren Ames, Merton Reynolds, Dale Lindsay, Elmer Nordin and Dr. Ronald McNichol.

Thunderous applause called back one of the out-of-town guest entertainers, Bill Shallcross of Station WADP, Kane, as he did Calypso and Latin American numbers, "Jamaica Farewell" and "Matilda". In doing the proverbial job of bringing down the house, Shallcross was dressed effectively as a beachcomber from Trinidad.

Warren's own Johnny Sudol, 14, and his melodious guitar came on for the sixth number on the program at which time he gave "Roses Are Blooming" and "Loose Talk" and "Jumbalaya".

Two teen age tap dancers, Connie Mealy and Elsie Rapp (whom Lloyd Van Tassel said today are outstanding in their field) were presented most successfully by their instructor, Penny Beach.

The student nurses' skit was divided into two parts, the first being a comedy surgical scene in which they presumed to remove a lighted electric bulb from the patient! Then they sang Christmas carols with the audience joining in. Taking part were the Misses Perry, Turner, Hess, Langhans, Aplianap and Robinson. The annual caroling of the student nurses will take place Dec. 20 in the wards and on the hospital grounds.

and Hillman were enthusiastic today in praising all the various hospital shops and departments for the aid so willingly given.

Junis Schenk and the Western Ramblers opened the program on the big stage at 7:30 before a full house of expectant viewers. Schenk and the other Ramblers, Delbert Dye and Bill Lehman, rendered "Singin' the Blues," "Be Bop Aloola," and "Play House." This group is currently playing five nights weekly in a Jamestown night spot.

The third number was an old-time "city slicker" comedy skit

WARREN NATIVE HONORED—Robert Lunquist, center, son of Mr. and Mrs. E. E. Lunquist, 412 Market Street, was among those honored for the top WICU-TV coverage of the deep snow which blanketed Erie over Thanksgiving weekend. At left is Dr. Ben Agresti, vice president of Erie Optimist Club which gave the award Tuesday for the outstanding TV news reports which were listened to by most Erie residents over WICU. At right is Ben McLaughlin, WICU general manager. Lunquist is program director and as such was in charge of the overall coverage.

Kane radio station, sang "Green Door" as an introduction to Ed Gustafson's impersonation of Maestro Presley, singing "Don't Be Cruel" and "Hound Dog". The girls (by prior arrangement) proceeded to swoon in the desired and expected manner.

Joe Guiffre of Warren, who told the patients how happy he was to take part in their show, sang three numbers: "My Prayer," "On the Street Where You Live" and "Mother Machree."

Mrs. Edith Koller, teacher of the psychiatric technicians' class at the hospital, sang "O Holy Night," which is a yearly must at the show, and responded with "You Don't Know Me."

Jack Sandstrom of Kane, returned at this time with "True Love."

The show was climaxed by presentation of the "Good Old Days Revue" presented by student nurses Dot Sankey, Mary Kay Soever, Mary French and Dorothy Pyle, as well as the following employees and members of the Recreation Department staff: Jimmy Lawson, Merle Fox, Ken Fahrner, Dale Lindsey, Bill Massa, Mike Pring and Jack Sandstrom. There was an old time street scene envisioned by an aged man reminiscing of the "good ole days" as he sat on a park bench, the skit being his dream as he slept 'neath the street noises and trees. The personnel of the act included a little German band, strollers and conversants, bringing to life events of the old man's past. Lawson sang "Daisy," Sandstrom sang "Wish I Had a Girl" and a quartet rendered "Mary." The backdrop was especially effective, water colors on large piece of linen to show a small town street replete with traditional barber shop.

Accompaniment for all the vocal numbers was organ and piano, and featuring Benny Savoia and his guitar for the Calypso number.

Lads Who Formed Warren Boy Choir Ten Years Ago

These ten lads pictured above as they looked ten years ago can take much of the credit for the formation of the Warren Boy Choir which this Christmas observes its tenth anniversary with a Christmas Carol Concert in Grace Methodist church Sunday, December 16th at 4:30 and 7 p. m.

These ten boys made their first singing appearance at First Methodist church at Christmas, 1947, and afterwards agreed that group singing was so much fun,

other boys should be asked to join them in a continuing choir. They invited Byron Swanson to be their director and asked him to hold auditions for an enlarged choir.

After tryouts by scores of eager applicants, a total of 24 boys were selected for the starting choir and their first season was a ringing success. It concluded with a June Concert in Warren High School before a packed auditorium from which many had to be turned away. The Warren Boy Choir was well on its way.

This year, the tenth for the nationally-known group, the Boy Choir went to New York, sang at Town Hall for the leading music critics of the city, and returned with rave notices. The Christmas Carol concert on December 16 will be the choir's only local appearance of this season. There will be

no admission charge but an offering will be taken.

The original ten boy in the picture by Stokes Studio now grown up and some married, are left to right bottom row: Richard Smith, Donald Smith, Ralph Hallberg, Charles Irwin and Ralph Waldron. Left to right in the top row are Martin Kitcher, Robert Cowden, Richard Lundahl, Jack Donaldson, and Anthony Grassi.

American Coach Enters Protest Against Judging

Melbourne (P)—Karl Michaels, coach of America's Olympic divers, entered a formal protest against the judging system to-night after America had lost the high diving championship for the first time since 1912.

Joaquin Capilla of Mexico won the title, beating Gary Tobian of Los Angeles by three one-hundredths of a point. Capilla was awarded the remarkably high score of 21.30 points on his final dive to finish with 152.44 points to Tobian's 152.41.

That broke a string of seven straight American high diving victories which began in the 1912 Olympics. The last winner other than an American was Sweden's Erik Adlers in 1912.

Post Office Dep't Has New Reporting Plan for Patrons

A new reporting service on Post Office Department operations and receipts, based on its management control reports, has been announced by Acting Postmaster General Maurice H. Stans, who expressed the hope that "these data to be released periodically may prove to be another reliable and useful yardstick of the American economy."

Postal receipts for all 37,449 post offices in the nation for the period from June 30 to October 19, 1956, the first four-week periods of the postal fiscal year under the Department's new thirteen period reporting system, totaled \$712.8 million—up \$38.8 million from the same period of fiscal 1956, an increase of 5.8 percent.

Three hundred leading post offices of which Warren is one— which normally account for about 70 per cent of the total mailings for the entire country—handled 12.7 billion pieces of mail in the first 16 weeks of this fiscal year, an average 5.4 per cent increase over the same period a year ago.

According to data from these three hundred leading post of-

fices, all classes of mail increased. First class mail was up the most, approximately 6 per cent, followed by a 4 per cent increase in Third class mail. Parcel Post showed the least increase, about 2 per cent.

The increased mail volume is attributed to the continuing high level of business activity which usually generates three-fourths of United States mail volume plus heavy mailings during the recent national election.

The postal deficit for the current 16 weeks of 1956 was \$188.2 million. Recent wage increases to postal employees and increases in capital expenditures to better serve the public are causing the deficit to mount above the low point of \$389 million reached by the present administration in fiscal year 1954.

"Despite greater efficiency and rigid economies, the Post Office Department is now losing money at this rate of almost two million dollars each working day," Acting Postmaster General Maurice H. Stans said. "To correct this unrealistic condition and continue our program of mail service improvement equitably—with the actual users of the mails paying a larger share of the costs instead of transferring this financial burden to the shoulders of American taxpayers."

LESSON OF PEARL HARBOR

On the rusted hulk of the battleship Arizona, which juts above the waters of Pearl Harbor, the American flag is raised every day from a tiny platform. It is at once a tribute and a powerful reminder.

It is a tribute to 1,100 U. S. seamen trapped within the great ship when it settled to the harbor's shallow floor under the pummeling of Japanese bombers 15 years ago today. Remembered also in the solemn flag-raising are the nearly 2,000 others who lost their lives in that brutal attack.

Though she rests on the bottom and can respond to no force but the corrosive effect of time and water, the Arizona is by official Navy order in perpetual commission—a silent, stationary but somehow still vibrant element in the American fleet.

It is good that the Arizona never was moved from the accidental grave it found on Dec. 7, 1941. Those who understood the horrible lesson of that day were wise in wanting the ship left where death struck it.

For in lying there—motionless—it tells every American, indeed every free man, of the folly of unpreparedness.

Fifteen years after that shocking moment in our history, there no longer can be fruitful benefit in trying to pin down narrowly the responsibility for this great lapse on our part.

The evidence strongly suggests that many men were at fault—at all levels of command and of service. What runs through the reports affecting them all is a fundamental attitude they held of disbelief that anything so catastrophic could happen to the United States.

Men could not bring themselves to act with dispatch or with full caution when they had warning of what was about to happen. Then, with the attack unfolding before their very eyes at the Hawaiian island of Oahu, they still did not believe.

Planes flooding a radar screen, an unidentified submarine actually sunk at the entrance to Pearl Harbor, such things were shrugged off with the words: "They must be ours."

They were not ours. And our failure to imagine that they might not be was our greatest unpreparedness.

We must always be armed against the aggressor striking from whatever quarter. But this shield will avail us little if we do not believe that what he stacks today in his arsenal he may in fact some day use against us, however fantastic the reaches between may be.

The battleship Arizona, living in death on Pearl Harbor's floor, lifts itself up as the monument which from here on must keep our thoughts fixed on the peril that lies in not believing.

An outstanding citizen whose work and influence for the betterment of the community will remain as a lasting monument to a well spent life, was laid to rest this afternoon when services were held for the late Robert Z. Morrison, who died suddenly at his home in Market street Tuesday. "R. Z.", as he was affectionately known leaves a host of friends and associates who mourn his untimely passing.

Donors in the area are reminded that the Buffalo unit of the Red Cross Bloodmobile will be at Chapter Headquarters, 404 Market street, next Wednesday from 10:00 a. m. until 3:45 p. m. Those in charge are anxious that the quota be met, especially at this Christmas season, and to that end request that all persons who can volunteer, and desire to make reservations call 2926 as early as possible. As usual, "Walk-ins" will be welcomed throughout the day.

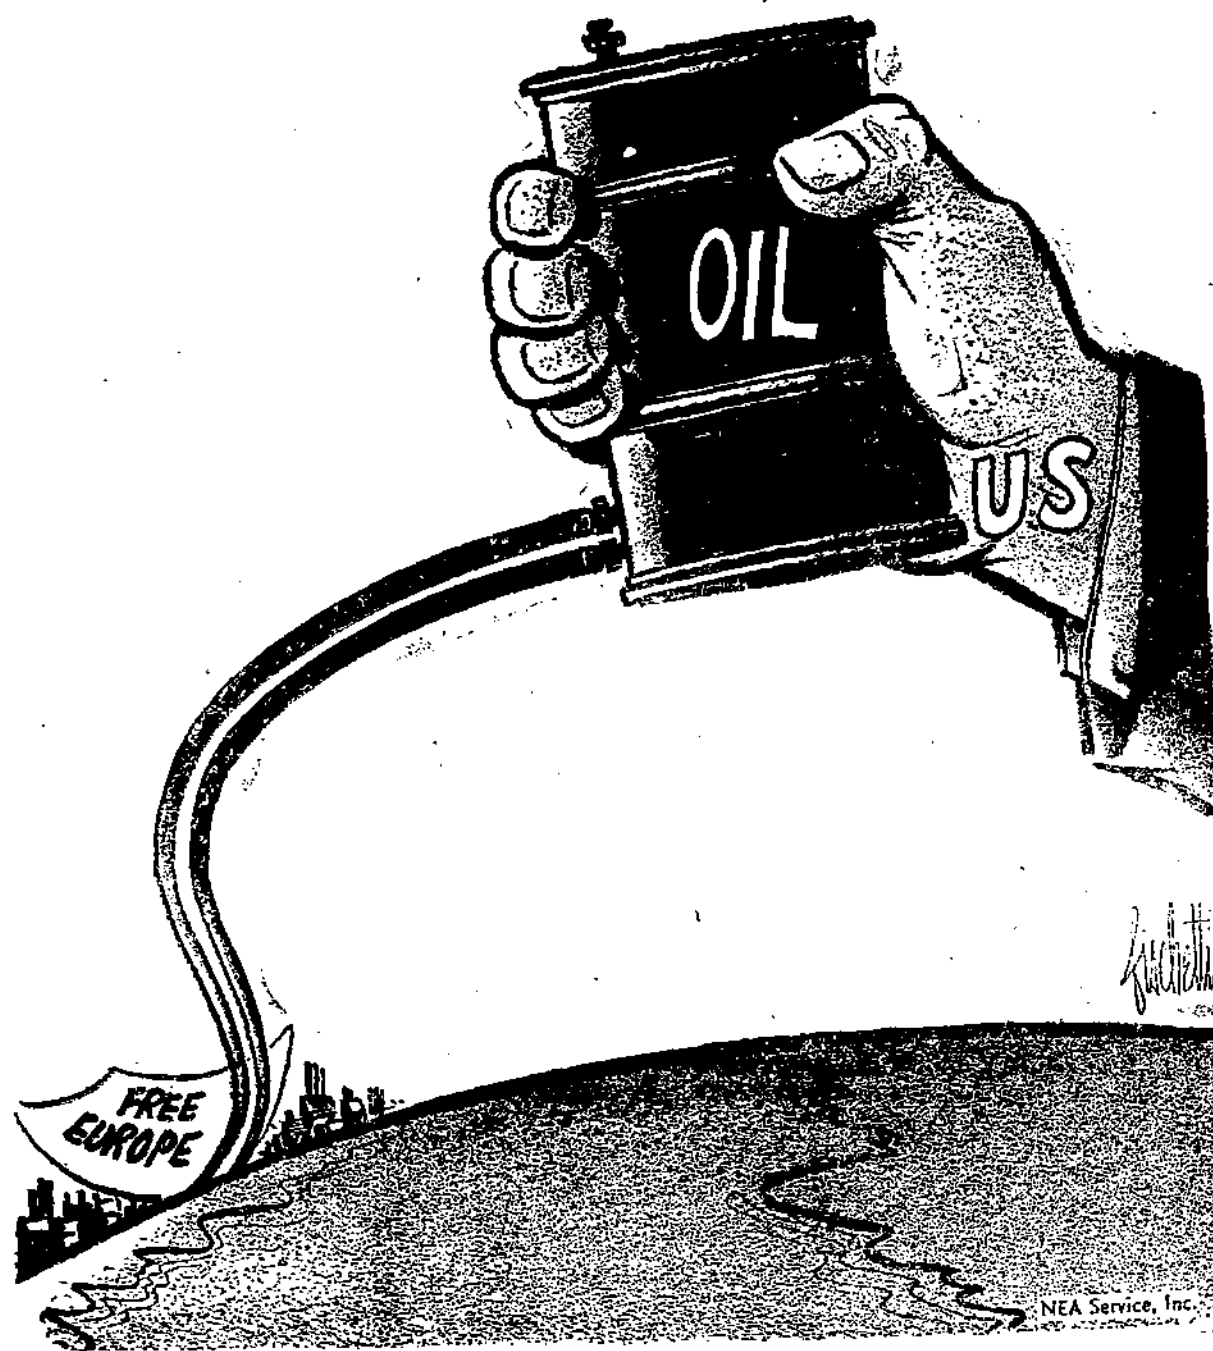

Many hours of faithful rehearsal have gone into preparation of the Warren Civil Orchestra program to be presented at 3:00 p. m. Sunday in Beatty Junior High School auditorium and it is hoped every seat in the concert hall will be filled for the event.

THOUGHTS FOR TODAY

Here and There

According to an item going the rounds of the exchanges "Joel P. Langdon of Oil City has retired from the commercial printing business after 35 years. Mr. Langdon, former city editor of the Kane Republican, will continue the manufacture of rubber stamps." That news will bring back many memories for older residents, not only around Warren but Sugar Grove and Youngville. "J. P. Langdon" as he was best known to many of us, since he really did not go much for the name "Joel", was a well known newspaper worker in the section forty years ago. Incidentally he is a brother of Art Langdon, manager of the Warren National Bank Drive-In Branch. They were kids in Sugar Grove back 58 to 60 years ago when their father the Rev. C. G. Langdon launched the Sugar Grove Record. Joel and his brother George had their first contact with printer's ink on this paper, and later George launched what was for many years called The Young-

ville Enterprise, before the days of the Courier. Joe had some little experience on both the Sugar Grove and Youngville papers, and finally branched out for experience on a daily paper by taking a reporting job on the Kane Republican. Later he worked on the Evening Mirror, and did a little reporting for the Times. During his residence in Warren and after moving to Oil City where he acquired a small job shop he was one of the most active members of the Odd Fellows in the western part of the state and for many years was a mainstay on the board of directors of the I. O. O. F. Home at Meadville. He will have the well wishes of a host of friends throughout the Meadville district for a well-earned and happy retirement.

"Vital Links to World Trade" is the subject of the Pennsylvania Railroad calendar for 1957, which shows a picture of one of the many P. R. R. piers that line the famed Delaware River for miles. The description that accompanies

the calendar says: "At different periods, to meet the expansion of our national economy, and to encourage world trade, the Pennsylvania Railroad has designed and built at a cost of many millions of dollars four important transportation links to world commerce in this great port. The latest is the ore pier in the picture which annually handles several million tons of iron ore from huge deposits in many foreign lands. Activated by the American spirit of pioneering and in cooperation with the world's land these mines are discovered by adventurous men who continually and painstakingly explore the plains, the deserts, the mountains and the jungles for new sources of supply. Much of it is located in almost inaccessible places. The best engineers are challenged to provide new roads, new bridges, new railroads necessary to make this new found wealth available to the world. On the right, a ship loaded with Swedish ore is being berthed. On the left, a shipload of ore from Labrador is being unloaded. In addition to these two sources, there will be other ships from Venezuela, Cuba, Brazil, Chile, Dominican Republic or Africa—On the left, the giant coal pier is equipped to unload two coal cars simultaneously. Over two million tons of anthracite and bituminous coal are handled here yearly. Of this total approximately 1,000,000 are loaded into freighters for export principally to Israel, Italy, France, Denmark, Holland and Egypt. The balance moves in barge trains to points on the Eastern Seaboard where it is used to meet the ever growing domestic needs for power. A large portion of the huge surplus of rich American grains passes through the grain elevator on the far left. Here, golden streams of wheat and other grains are dropped into the deep holds of freighters which go to twenty-six countries in Europe, the Far East, South America the Middle East and Africa. In these areas local food production is less than the actual need and American grain prevents hunger and want. Beside the elevator on the same slip another ore pier—smaller—but nevertheless still handling thousands of tons of imported iron ore annually as well as regular shiploads of many other types of essential ores such as chrome manganese or cryolite originating in twenty-five countries in North and South America, Europe, Asia, Africa and Australia."

F.D.R. Escaped Assassination Two Times, Book Reveals

BY DOUGLAS LARSEN
NEA Staff Correspondent

WASHINGTON—(NEA)—The life of the President of the United States is always in danger. This fact is dramatized by the revelation of two attempts to assassinate former President Franklin D. Roosevelt, which have never before been told.

One of these attempts is revealed in an excellent new book called "The FBI Story," written by famed newsmen Don Whithead.

Don writes: "As the number of prisoners of war in the United States climbed to 175,000 and then to more than 400,000, Hoover (J. Edgar) became increasingly concerned about the dangers of sabotage and espionage by escaped prisoners. At one time the prisoners were escaping at the rate of 75 a month."

At this time, the book reveals, an intelligence report came to the FBI here that there was a plan for mass escape by these prisoners and that an attempt would be made to assassinate President Roosevelt in the resultant confusion.

NEEDLESS TO SAY, the plan was frustrated. The other attempt on Roosevelt's life was at Yalta and included the planned assassination of Churchill and Stalin. It is told here for the first time.

It's the story of Hans Gergen Isenheim, a former German paratrooper who is now a U. S. Army employee in Bonn, Germany. Army officials say there is no reason to disbelieve Isenheim, and confirm the fact that he was a German paratrooper from almost the start of the war and served with great distinction.

The Secret Service and FBI here say they never heard of the plot. But that may be because as it turned out the Russian army frustrated the whole thing.

As Isenheim tells the story it was supposed to be a suicide mission of a handful of picked German paratroopers. Planes laden with dynamite were to crash land near the scene of the meetings of the Big Three leaders without exploding their ammunition.

ISENHEIM AND the rest of his suicide squad were to remove the dynamite from the planes and rush toward the Yalta meeting place and try to blow it up. The plan was worked out in great detail, he says.

One of the reasons why the story of Isenheim's frustrated mission may not have been told is because the Russians were in charge of security for the affair and did not want it ever known that Roosevelt, Churchill and Stalin were ever in any personal danger.

THE GERMAN air force base at which this mission of assassination was being organized was near the Russian front, Isenheim tells. The men knew that something big was cooking and became alarmed when their food rations were suddenly increased. But they weren't told exactly what the mission was until a few days before they were to take off.

It was then that they were shown drawings of the area and given detailed instructions how to attack Isenheim recalls.

The trouble was, his story goes, the Russians rushed at the base with a strong detachment of tanks. The paratroopers who were to kill Roosevelt, Stalin and Churchill were pressed into the defense of the base and half of them were killed.

That ended the plot.

The Russians kept pushing the Germans rearward on that front and there was never any chance to put the mission into operation, Isenheim recalls.

Beaty Y-Teens To Share Christmas With Patients

As a special Christmas project this year, younger members of the YWCA comprising the three Beaty Y-Teen Clubs are making plans to prepare gift boxes for 18 Warren State Hospital patients, who have no homes or families.

Among gifts selected, the girls will wrap containers of fresh fruit, figs, dates, stockings, and various other personal items.

Committee members from the Seventh Grade Y-Teen Club who are in charge of the project will hold a special meeting Thursday, December 20, when they will prepare the gifts for delivery.

Eighth and Ninth Grade Y-Teens will hold their meeting Monday, December 17, at the YWCA activities building.

BROKENSTRAW GARDEN CLUB ENJOYS PARTY

Youngville—Members of Brokenstraw Garden Club enjoyed a Christmas party Tuesday evening at the home of Mr. and Mrs. H. H. Husted, starting with a six o'clock turkey dinner. Christmas favors marked the places and the home was beautifully decorated in a seasonal theme.

There were group games, and much fun was promoted by a white elephant exchange of gifts. Slides were shown, featuring outdoor and garden scenes taken during the various seasons of the year. It was planned to send a gift to Mr. and Mrs. B. C. Stillings, who are in Tucson, Ariz., for the winter.

At the conclusion of the business session, the retiring president, Mr. Husted, turned the gavel over to the incoming president, Henry Danielson. Also, Mrs. Otto Peterson handed over the secretary's book to Mrs. Margie Finlan, and Roy McDowell presented the Club's bankbook to the incoming treasurer, Ross Bailey.

METHODIST HOME NOTES

Margaret H. McBride

The big snow which set Erie back so disastrously has had repercussions in our direction too. Mrs. Beatrice Mitchell, from Altoona, Ill., has been visiting a girlhood friend near Erie and planned a trip here to see her aunts, Mrs. Augusta Frampton and Miss Martha Elbel, but was snow-bound. She hopes to be here today—we shall see how that turns out, for our roads are none too good either.

The Lawrence Park Church WSCS in Erie was to sponsor a birthday party for our December members on last Tuesday, but had to give it up, and that party will probably be merged with the January celebration.

Mrs. Nancy Kahle went to New Castle to spend Thanksgiving at the home of her daughter, Mrs. James Wheeler. Her sister, Mrs. Lillian Newman, with her daughter, Mrs. Fred Blankenship and son from Weirton, Pa., was there, as well as Mr. and Mrs. Wheeler's daughter, Mrs. Ted McKim, her husband and children, from Kent, O.

Mrs. Gertrude Filson spent her Thanksgiving with her son and his family in Titusville.

Mr. and Mrs. Cliff Ewing and Miss Mary Ward, from Espyville Station, Pa., came over last Friday to call on Mr. and Mrs. W. B. Ray. Mrs. Ray, who was the former Elgie Pollock, lived in Espyville for some sixty-one years.

Mr. and Mrs. Mylo Putnam had a call from Mr. Roy Buel, of Meadville, too, recently.

Miss Olive Oakes of Meadville dropped in to have a little visit with "Aunt Rose" Thompson one day last week. The latter had a "field day" Sunday evening, when the Union City Methodist Church members braved the dangers of the road to come for a concert by some 31 members of their Junior Choir. Afterwards they took advantage of the chance to see our former Union City folks here, the Charles Hubbells, Miss Maude Hawthorne, and "Aunt Rose."

Rev. Dwight Jack headed the group, and Mrs. Lynn Sill was the Choir's leader, which gave us a splendid program.

Miss Margaret Scott, who came to the Home in 1942, died Nov. 27 at the age of 93 years. She was from Reynoldsville, and was buried in the Cemetery there.

The Infirmary news is otherwise about the same, though Mrs. Minnie Isner, who has been ailing for some time, is a patient there now. Miss Clara Hill has been released and is now the room-mate of Mrs. Ida Danbenspeck, Mrs. Ella McCray Casler has not been at all well, either, unequal to much exertion at any time, but continues to join us in the Dining Hall. She

Miss Gladys Chambers, R. N., has arrived to act as Supervisor of Nurses, and will make her home here in the house, we are happy to know. Miss Chambers has resided in New York City for the past twenty-five years, but returned to her old home in Jamestown, Pa., in July. She was a graduate of the old Sharon Hospital, and has been with the Cornell Medical Center of the New York Hospital the past eight years. Her father was the late Rev. Lewis W. Chambers, a Methodist minister of the Erie Conference before his retirement. We welcome Miss Chambers with open arms.

Miss Helen Maynard came Nov. 20 to join our membership, and is rooming with Mrs. Minnie Graham. She wants to return to her old home in Chautauqua on a business trip before settling down here, but came completely exhausted after her ordeal of closing out her home there.

Mrs. Grace Mischler is one of our newcomers who appears to have adjusted promptly to her new life. Her son, Glenn and his wife, from Meadville, came Sunday to call.

Miss Jean Michler, our secretary here, is back at her duties following the tragic death of her young brother, Raymond, recently.

Mrs. Ruth McLaughlin, our former secretary, is now in a Home for Professional Women, at Tenafly, N. J. While she tells me she has not been so well lately, she still keeps up her interest in outside contacts. She was a Church

Escorted and given in marriage by James Suppa of Irvine, the bride wore white imported French rosepoint lace over satin fashioned with scalloped V-neckline, embroidered with pearls and sequins, and long tapering sleeves. The bouffant skirt of scalloped lace fell over four alternating tiers of ruffled tulle and lace and terminated in a chapel train.

Her fingertip veil of French silk illusion fell from a crown of rosepoint lace embroidered in seed pearls, and she carried a cascade

of white roses and a white orchid atop a prayer book. Her only jewelry was a single strand of pearls, and ear-rings, gift of the bridegroom.

Wearing American Beauty, Mrs. John California was matron of honor, in hunter green, bridesmaids were Mrs. Donald Marner, Angelina Randinelli and the bride's cousin, Beverly Rothe. The flower girl, Sandra Suppa, wore white crystalette, with a feather headband, and carried a basket of roses. Their rhinestone necklace, bracelet and ear-rings, were gifts from the bride.

Wearing red sweetheart roses, the bride's mother chose sandalwood taffeta and matching accessories, Mrs. Warner wore brown accessories with a beige knit suit.

A reception for 350 guests was held from 2:00 until 8:00 at the Coral Inn, Irvine Star Route, with music by Jerry McCune's Orchestra. MR. AND MRS. FRANCIS X. BAUER

Thanksgiving Day was highlighted by an impressive wedding ceremony at 12:00 noon in St. Joseph's church, when Nancy M. DeStefano daughter of Mr. and Mrs. James DeStefano of 912 Fourth avenue, became the bride of Francis X. Bauer, son of Mr. and Mrs. Frank Bauer of Lucinda.

Father Alfred Bauer officiated for the double ring service and nuptial mass, the altar beautifully decorated with white mums and pom poms. Miss Donald Edinger was at the organ and Joseph Guffre sang "Panis Angelicus". "On This Day, Oh Beautiful Mother", "Mother At Thy Feet Is Kneeling" and "Ave Maria".

Given in marriage by her father, the bride was lovely in a gown of skinner satin, designed by Priscilla of Boston Hand-run Alencon lace in leaf design fashioned the empire bodice and long pointed sleeves, the wide scalloped neckline was embroidered with pseudo pearls, and the princess line skirt, with back fullness extended into a full cathedral train. Her fingertip veil of illusion fell from a crown of pseudo pearls, and she carried a fan-shaped bouquet of cala lilies. Her only jewelry was a pearl necklace, gift of the bridegroom.

John DeStefano, in the role of maid of honor for her sister, wore a copen blue opulant taffeta floor length gown, the bouffant skirt fashioned with a magnificently draped front. She carried a colonial bouquet of yellow roses. Acting as bridesmaids were Mrs. Rose Niver, sister of the bride, and Ruth Figliuzzi, cousin of the bride, both similarly dressed in copen blue gowns, and carrying colonial bouquets of yellow and white roses. All attendants' headaddresses were pearl tiaras.

Charles Bauer, Erie, served as best man for his brother, ushers were Richard Bove and Robert Fey.

The bride's mother was attired in a slate blue brocaded taffeta dress, with white accessories and a white orchid corsage. The bridegroom's mother chose a navy blue crepe dress, with mauve accessories, and also had a white orchid corsage.

Immediately following the ceremony, a reception for 200 guests was held at the Knights of Columbus rooms, where tables were beautifully decorated with flowers. Mrs. Carl J. veds are residing at 127 North 13th street, Olean. The bride traveled in a gray wool tweed dress, teal blue accessories, Russian marlot stole, and an orchid corsage.

Reactor Weighing 100 Tons Shipped By S. W. Company

Titusville Herald: A platformer reactor weighing 100 tons believed to be the heaviest single piece of equipment ever shipped by Struthers Wells Corp., left by Pennsylvania Railroad Wednesday night for Lima, O.

The order for this equipment was taken on a quick delivery basis, a spokesman for Struthers Wells said yesterday, because it was urgently needed to complete the start-up of Standard Oil's refinery at Lima. Delivery was originally promised for Dec. 15. However through the diligent efforts of shop and supervisory personnel, the delivery was speeded up by one week and was greatly appreciated by the customer.

The vessel, fabricated at the Titusville Forge, is 35 feet in length, its maximum width is 11 feet 7 1/2 inches and its maximum height is 15 feet four inches. The inside diameter is seven feet six inches.

Designed to operate at a pressure of 750 pounds per square inch at 990 degrees Fahrenheit, the shell of the vessel is made of four and thirteen-sixteenths inch plate and the heads are four and three-eighths inches thick. The steel is high tensile chrome-moly alloy.

During the welding, the material had to be maintained at a temperature of 300 degrees. After each section was completed, furnace stress relieving was required to avoid cracking in cooling. When finally fabricated, it was tested to 2,155 pounds per square inch hydrostatic pressure.

The 200,000-pound vessel was shipped on one of the Pennsylvania's heavy duty flat cars equipped with six wheel trucks. During shipment of the oversized reactor, adjacent tracks must be cleared of all trains and cars.

FHA DEMONSTRATION

Marlow Looks At: TODAY'S NEWS

By JAMES MARLOW

By JAMES MARLOW
Associated Press News Analyst

Washington (AP)—Fifteen years ago today the United States went to war against fascism. It is a war which has never really ended although today the enemy is called communism.

There is a theoretical economic difference between communism and fascism, but no basic difference. Here is part of the definition of fascism, given by the American College Dictionary, which could apply equally to communism:

"A governmental system with strong centralized power permitting no opposition or criticism, controlling all affairs of the nation... emphasizing a strong nationalism..."

Both systems had their roots in absolutism. For the German Nazis and the Russian Communists this meant they were so right they owned the government and it became everything and the individual nothing.

Out of this contempt for individuals the next view followed naturally: an arrogant certainty they were so right that everyone everywhere would have to acknowledge and accept their rightness, meaning their right to rule.

This meant expansion and control of the world. The Fascists tried, but tried too fast. The Russians are trying more slowly.

It is ironic that the leaders of both systems, which claimed to be opposites while actually being so similar, sought to justify their ambitions by explanations which looked like opposites but wound up being twins.

The Fascists were, and the Communists are, mystics. It was pure mysticism for Hitler to claim for his Germans an innate superiority of blood. The Communists are no less mystical while believing themselves utterly realistic. They base

the claimed rightness of communism on what they call Marxist science. One claim is as much nonsense as the other.

The Fascist-Communist belief in the unfitness of the majority of people to know what's good for them meant majorities should be led by a minority, an elite group, a governing class.

The Fascists were, and the Communists are, an elite group. The Nazi party members were only a small proportion of all Germans; the Russian Communists number perhaps no more than six million among 200 million Russians.

Congressman Points Out Many Advantages From Kinzua Dam

Congressman Leon H. Gavin, of Oil City, was visiting constituents in Warren Thursday, the first since his flattering victory at the polls over a month ago. He not only met leaders in the County Republican committee but conferred with a number of citizens on matters of private or general interest. One of these was Richard Morrison, well known Kinzua resident, who consulted the representative about the prospects of early work on the Kinzua Dam.

Mr. Gavin expressed deep appreciation for the fine vote he received in the county. He mentioned particularly support received from Committeemen, the Citizens For Eisenhower group, the Young Republicans, and the Council of Republican Women. He said Warren county was number two in the state in percentage turnout of Republicans at the polls. "The result was a wonderful tribute to Mr. Eisenhower, one of the great Americans of all time, and to myself," he said.

Mr. Gavin, during his visit to The Times-Mirror editorial rooms,

spoke at considerable length about the Kinzua Reservoir. He is confident that preliminary work on the project will get under way in 1957, for which \$384,000 has been appropriated.

The estimated cost of the dam has been placed at between 100 and 125 million dollars. It will create a lake 29 miles long, extending to Salamanca, N. Y. Mr. Gavin emphasized again, "the dam will insure the valley a uniform flow of water for domestic and industrial purposes, and will be the greatest contribution to industry and security the valley ever could expect."

He reminded the dam will serve useful purposes for the good of all people. "By impounding facilities at the Kinzua dam," he said, "navigation will be possible up to Warren. With the construction of the dam Warren could become an inland port serving the Allegheny-Ohio river route."

He reminded of the recreational advantages of the reservoir, reminding that last year 1,780,000 persons visited the Allegheny Na-

tional Forest. Within the area, including northwestern Pennsylvania, New York, and possibly part of Ohio there are 47,000,000 people, many of whom will be coming to this area for their fishing and water sports. "The dam will harness the water for useful purposes, and at the same time eliminate the danger of devastating floods," he reminded, "and bring about stream purification that has long been desired."

The Congressman also revealed that the next project in the program for flood protection in the upper Ohio, Beaver, Allegheny and Monongahela river basins will be the Redbank Reservoir near New Bethlehem, after which the proposed Shenango River dam near Greenville will come in for attention.

Member of the Class of 1926 Offers Pertinent Suggestions On Site for New High School

Warren, Penna.
December 4, 1956
The Warren Times-Mirror
Ed C. Lowrey, Editor,
Warren, Pennsylvania.
"Letter-to-the-Editor":

"The proposed new Warren High School—its proposed site."

Dear Editor:

Because the rank and file of the citizens of Warren borough are upset about the method of the selection of the proposed site for a new high school on the Swick property, I am glad to request of you the permission to publish this letter under my own signature, that I may help the very many persons who have wanted to express their opinions, but just—did not—or could not.

With very, very high respect for the intelligence, and the high qual-

ities and capabilities of the personnel of Warren School Board, I believe, gentlemen, the ethical procedure would be to give these facts your attention.

Every person agrees 100% that we certainly need a new high school. The money that will be expended, is not too much concern. But—where should the proposed school be?

It should be constructed in the locality it is in, namely, one block square—bounded by Second avenue, East street, Pennsylvania avenue and Market street, and not even one brick of the old school should be used.

How could it be built in that location? Well—by the purchase of property (most of the residents of that block are W. H. S. graduates, and of the very great majority in the block, original deeds of proper-

ty could not affect their sentiments, because they were not involved at that early stage).

So, if reasonable settlement could not be made, the State Authority could buy the properties—by condemnation proceedings. This is absolutely legal.

Where should a site be situated there? Directly in the center of the block, with the building set back so it would have landscaping on all four sides.

Why should it be there?—Well, if, for no more general reasoning than the Warren General Hospital was rebuilt where it now stands. It survived the 1956 spring floods—its first serious trouble since 1913 (43 years).

But the reason, Gentlemen of the School Board, for your school to be there is—that only in recent years has religious education been added to the school curriculum. I believe, and feel reasonably sure, that every priest and pastor of the churches of Warren—and the Rabbi of our local synagogue, would much prefer to have the school located in its present locality—so that the children—the community of tomorrow, may have an opportunity to worship at the church of their choice, without the inconvenience of coming from the borough line—either by foot, or by bus, from the top of a hill.

Warren is possessed with the finest public reference library (free to all) that there is in the United States (in comparable communities) and that is a supreme benefit to those who wish to further their educational advancement.

So, now comes the point about—minimum acreage needed to build at this location. Well, Gentlemen, I believe that the State Authority—regardless of politics, could waive a stipulated number of acres required, because you now have athletic facilities available at Beaty Field and Beaty Junior High, as well as your play-for-pay at War Memorial Field. These factors should control a waiver.

To condense this letter, I will point out facts—facts that are important.

Before the School Issue, Warren has been boasting about a new highway through Warren's south side of town. Of course, with free-ways, thru-ways and expressways, that will finally come to Warren, and that, alone will alleviate any worried feelings for congestion of traffic at the present location.

In the same category—floods are bound to be stopped—if not to save Warren but Pittsburgh and the Ohio and Mississippi Valleys. The U. S. government will build a dam, a series of dams, locks or even dredge. It will eventually be a solution.

Gentlemen, you of the School Board were elected by vote. You have all powers—as you did when a Jointure school board—The Joint Area Board became a reality by your appointments. However, you must realize that a school is demanded, the price will be met, but, when you are spending three million plus dollars, the working man deserves his voice.

Everyone is flood conscious concerning the new school. Remember, you can not beat the elements—snow, sleet, rain, fog, hills, cinders and maybe more more.

If a site was selected, why was it not open to competitive bidding by ALL architects?

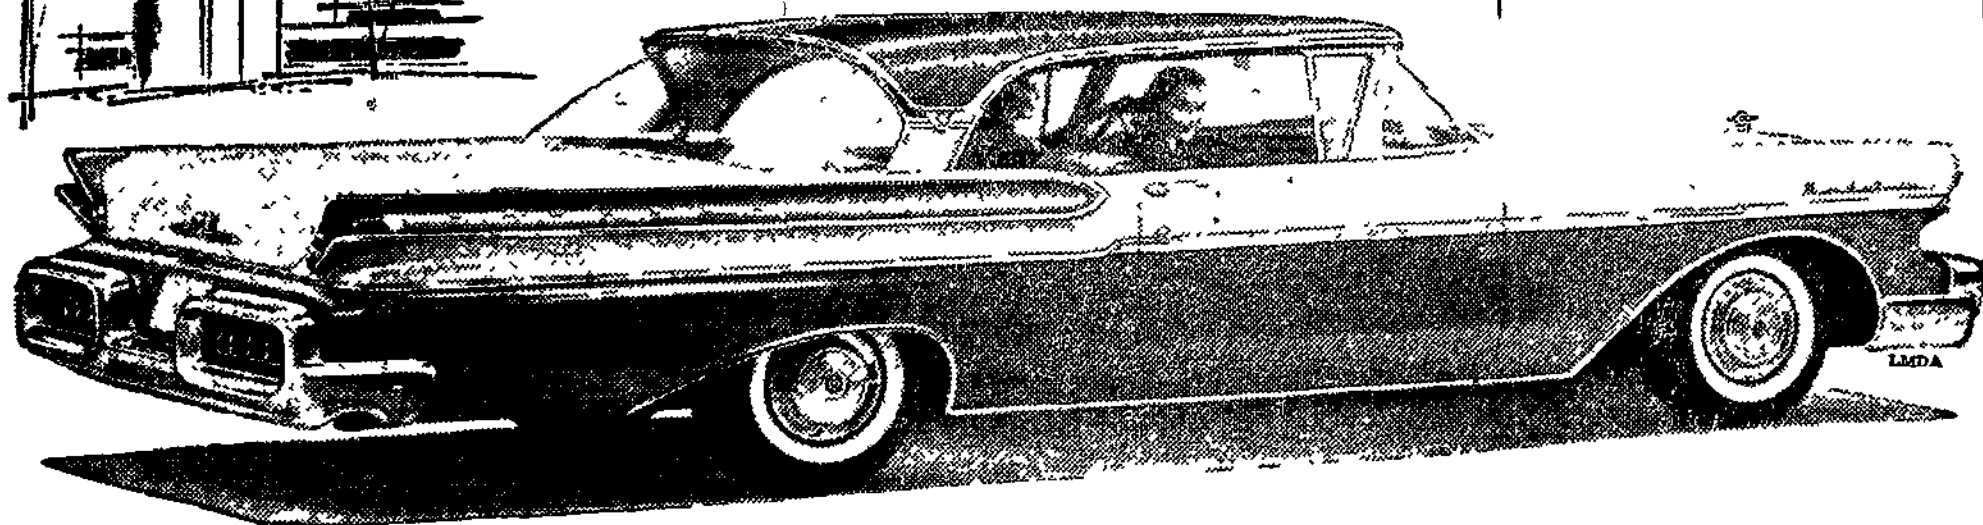

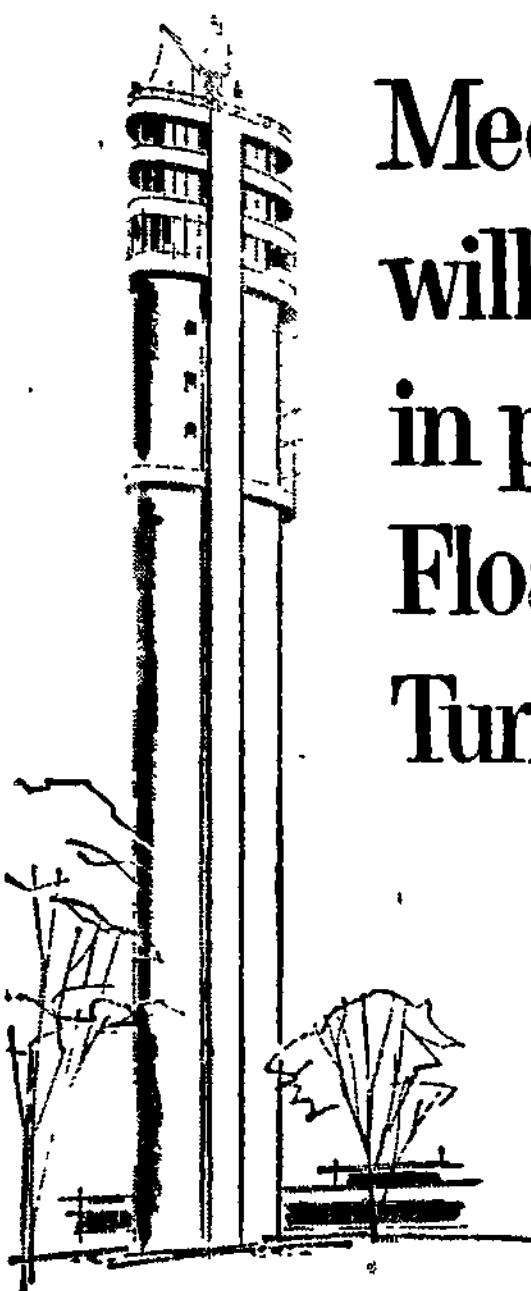

Even with the proposition, as it is set up, you must realize the Freshmen of this year will pay until 1995 (37 years)—and they will be about ready for social security—Yet, even their parents have had no voice in this situation, for which they are paying).

If you discard the site, where the school is now located, then your next alternative is the block in which War Memorial Field is situated. That field is borough property, which made a story when it was acquired. But the entire area could be utilized. Surely, it is only on Lexington avenue,

but many big names respect that street.

Of course, if the location must go to the vicinity of the Swick property, then why not stay on the avenue—at Fifth and Conewango—it can be the same evaluation of property there, as Lexington or Market.

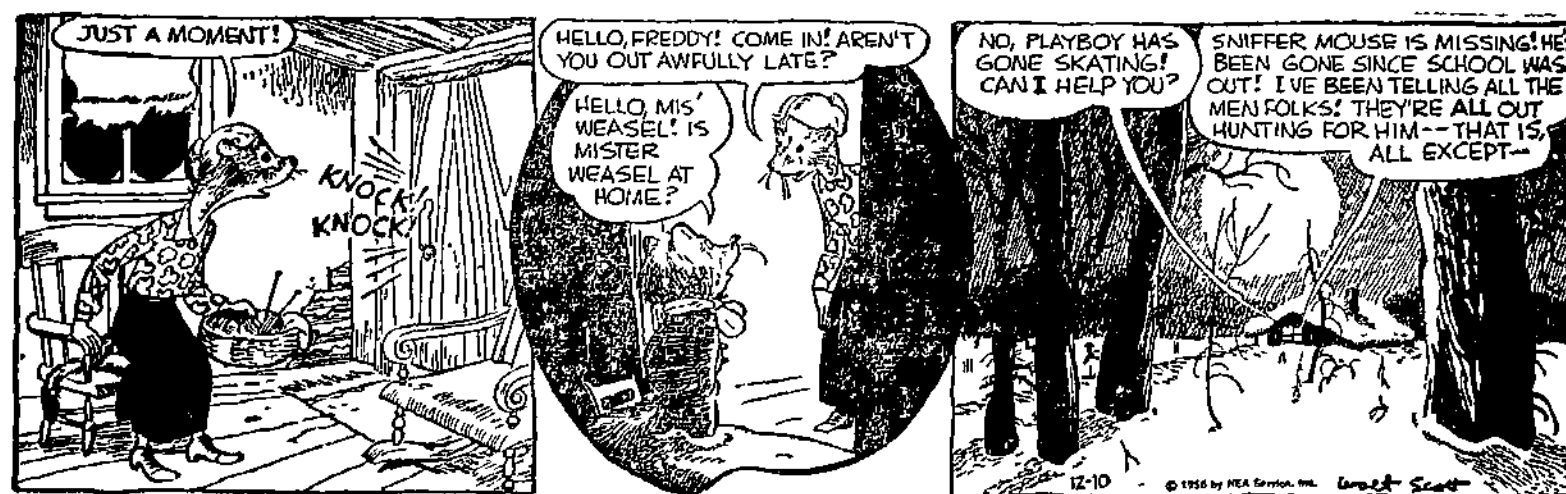

Gentlemen, our neighbor Jamestown has increased its population more than twofold since over 25 years ago—that is within its city limits; while Warren has been hovering in the hundred mark. Yet their outside developments far, far exceed ours for increased population. They are still using the high school of those years (of course it is enlarged) but they accomplish that by use of more township schools, similar to our Eisenhower School.

If Warren borough is to have an influx of township pupils, then the state should assist in combating that particular situation, and not allow a high school to be put outside of the borough—to be included within the limits as soon as it is contracted. Even if this were a city, there should be a near centrally located school (that is—with the church and business concerned).

Warren's industry in the past 50 years has never put a major industry up on any surrounding hill-top—I doubt if it will do it in the next 50 years. So it seems futile to propose a school that will remain on the outskirts, with the churches and business places quite separated from it.

To you of the school board—some of you have long services, but I speak freely when I boast that for 27 years past I have given gratis, and wholeheartedly, to all

Don't Risk Seeing Stars When You Try To Hang Star in Tree

Chicago—Don't risk seeing stars when you try to hang a star on the top of your Christmas tree. This warning comes from the National Safety Council, because Christmas accidents contributed to the 14,000 deaths from home falls last year.

Use a sturdy stepladder, place it as close to the tree as possible, and be careful when you reach for the farthest branch.

The Council points out that the holiday season brings many fall hazards—placing decorations, toys underfoot, boxes and wrappings laid "temporarily" on stairs, slippery walks outside.

Another danger of the holiday season is fire.

"The Christmas tree, filled with natural pitch and resin, is one of the most combustible objects known," the Council says, "and it can burn so quickly it is almost impossible to extinguish the flames by ordinary methods. In case of

Bible Words for Today

II CORINTHIANS 4:16—"So we do not lose heart, though our outer nature is wasting away, our inner nature is being renewed every day." (RSV)

In these words is the secret of Paul's sustaining faith. It was not so much what took place on the outside but what happened inwardly that counted. Paul won out because he did not lose heart. He did not lose heart because he trusted in the invisible resources of God.

Life has a way of wearing out our physical bodies, but in the process our souls may grow. That is, if we lay hold upon the realities of God. For in so doing the real self gradually transcends the body and dwells more and more in the eternal order of God. Only as one finds sustenance in God is his inner nature renewed. Only as one's inner nature is renewed day by day is he able to survive the struggle of life. Though our outer natures waste away, we will not lose heart because our inner natures are being renewed day by day.

New Budget

(From Page One)
Eisenhower and Wilson met in a small sitting room at the Augusta National Club. With them were Budget Director Percival Brundage; Assistant Secretary of Defense Wilfred J. McNeil, Pentagon fiscal expert; Sherman Adams, chief aide to the President; and Wilton B. Persons, chief of White House liaison with Congress.

Before the talk turned to "leak- age" of Pentagon data, Wilson in- formed Eisenhower that he and his aides completed work only late last night on the Pentagon budget, which today was put before the President for study.

Through Hagerty, newsmen sent word to Wilson asking him to hold a news conference before return- ing to Washington later in the day. Hagerty said Wilson declined, saying he felt he could not dis- cuss the military budget at this stage when it is before the Presi- dent for study.

Sheffield Rotary Club Has Tax Talk

Sheffield—Milton Dunn, pro- gram chairman, used as his topic, "Texas", for the meeting of Rotary Club at the noon-day luncheon Tuesday. During the talk, he read an article written by an English author about 250 years ago, in which the author was protesting the taxes of that time. Evidently taxes were a matter of consid- erable comment at that time. Every- one enjoyed Mr. Dunn's humorous talk on this subject.

Twenty-two members were pre- sent, and one guest, Earl Mc- Laughlin member of the Warren Rotary. The Water Company has sent out notices about a 50% increase in the water rates and this was discussed. Members decided to con- tact the Public Utilities Commis- sion protesting the increase.

IT MAY DIE OF IT—If curiosity kills this kitten in Raleigh, N. C., perhaps its eight other "legendary" lives will come in handy. It's standing on an overturned pan to investigate a can of dog food which it probably wouldn't like.

COMING OUR WAY—Skipper Alan Villiers of the Mayflower II, the exact replica of the Pilgrims' vessel, is showing a model of it to James Sabino, 15, in New York. The lad represented the members of the Boys Clubs of America, one of whom will be chosen as cabin boy. He will be the only American aboard when the ship sails to the U. S. from England next spring.

ILLUSTRATED STORY—A fairy tale fountain on the grounds of an elementary school in West Berlin is the site selected by a teacher and some pupils for an outdoor lesson. The teacher is telling a story about a rooster, a cat, a dog and a donkey, all of which are shown in the statue.

PERFECT SOLUTION—Edward B. Tenes and his little sister Brenda arrived by ship in New York to find the dock strike was on. In order to handle the family luggage, Queenie, their pet pooch, was hitched to a baggage truck. It was a perfectly good idea but, of course, it just didn't work out.

IT'S AN ILL WIND—And salvage crews found this pounding surf was blowing them some good as they managed to free the Italian freighter Etrusco at Scituate, Mass. The vessel went aground there in a blizzard almost nine months ago and the workmen have been trying to free her from a locked position on a ledge. The heavy seas came in handy in this case.

PICTURE NEWS

AROUND THE WORLD

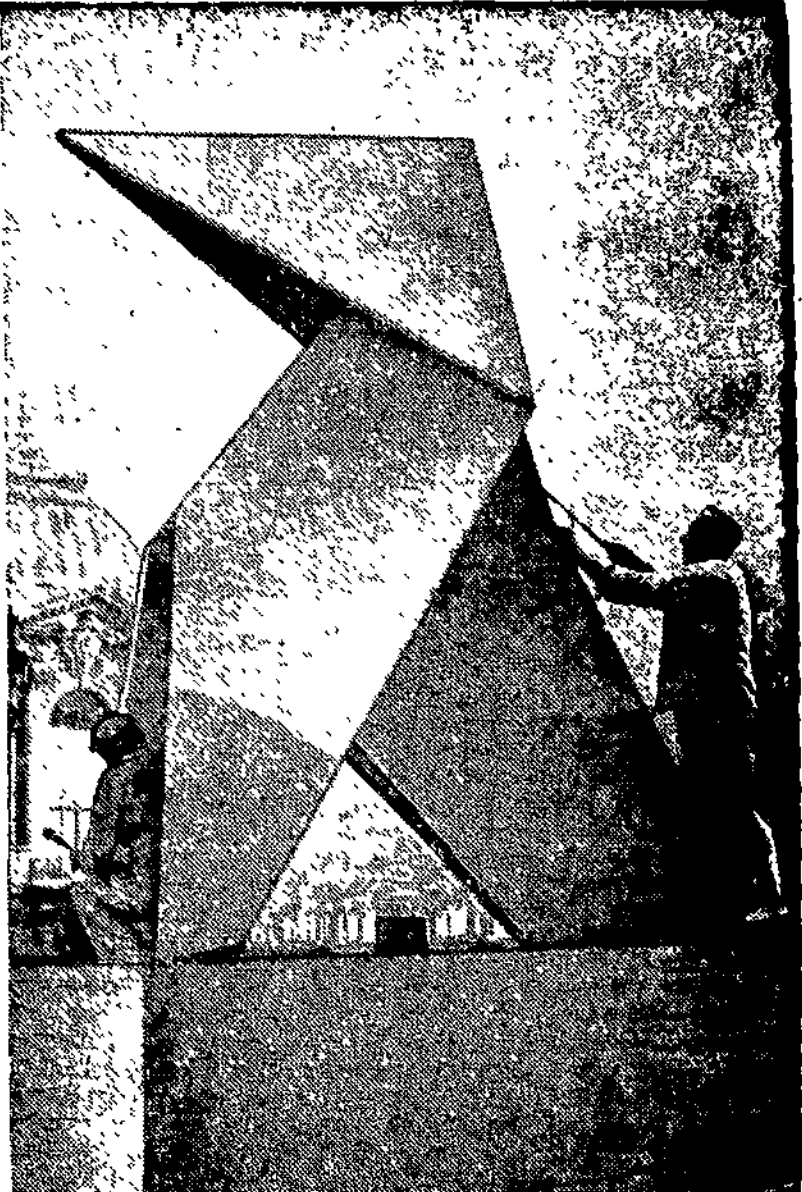

PLAYING ROUGH—Andy Bathgate (9) of the New York Rangers, and Gerry James of the Toronto Maple Leafs are having a go at each other with their hockey sticks during a game in New York. They received two-minute penalties for this, and the teams tied, 1-1.

EMBARRASSMENT OF RICHES—Little Susan Sisto is scraping the bottom of her toy chest on a rainy day in New York. Although she's got plenty of playthings piled up around her, like any other woman she can't make up her mind about which one she wants to play with.

FOR WINTER — The ribbed knitting in the yoke and pocket contrasts strikingly with the luxurious basket weave material of this casual suit modeled in London. The loose, easy jacket tops an arrow-straight skirt with two back pleats for comfortable walking.

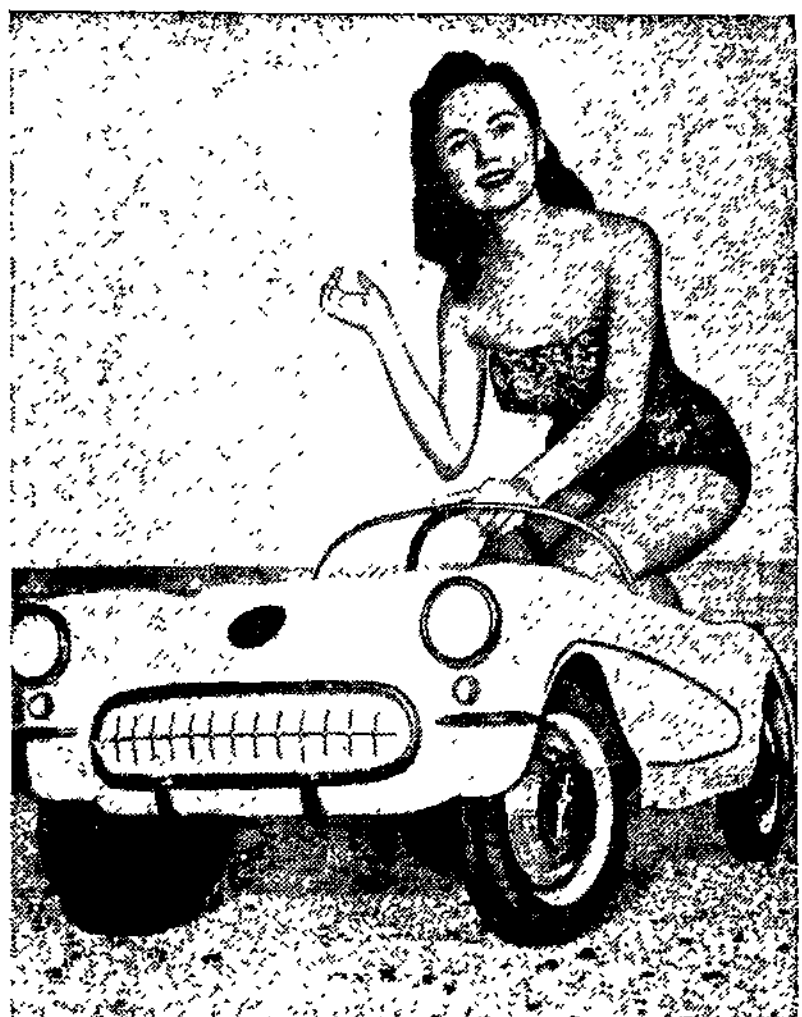

POINTING THE WAY—At first glance, it doesn't appear doll-like at all, but this plaster image in Paris is known as a "paper doll" to French children. Workmen are putting finishing touches to the figure which is standing near the Grand Palais. Once youngsters see it, they know it's pointing the way to an exhibit of items dear to their hearts.

IT JUST AIN'T FAIR—Italian painter Novella Paragini has a very definite advantage over the week-old lion cub in Rome. Miss Parigini and the baby lion were both at an open air art show when this kiss was given to the tiny animal. But the cub isn't accustomed to being loved by anyone except its mother, and this kiss is most unwelcome.

CAPTURED MATERIAL—Israeli soldiers are examining Russian-made ammunition which was part of the \$50-million worth of booty Israel is reported to have taken in the conquest of the Sinai Peninsula. Israel also displayed a group of captured Egyptian weapons of Czech or Russian manufacture seized from huge ammunition dumps in the peninsula.

ONE FOR THE ROAD—At an auto show in Miami, 18-year-old Joyce Nizzari tried to squeeze her well-proportioned 115 pounds into that miniature car. She couldn't quite make it but she did make a good subject for a picture.

Dragons Meet First Real Test Tonight Against Kane

WARREN MINUS A STARTING PLAYER FOR 8:15 P.M. GAME

Warren High School basketball team, which hasn't beaten Kane in five years, will be out for revenge tonight.

Last time the local quintet took the court during the second game of the season in 1951. The charges of Coach Joe Massa outplunked 51 to 43 the Kane team which that year won the State Championship in Class B competition.

Dragons, with two substantial wins tucked away, will meet their first real test on the Beatty floor at 8:15 p. m. today. Speed and height enabled the Blue and White to down Erie Academy in the season opener 62-40 and then trip Youngsville 58-29.

Last season the Dragons bobbled two chances to defeat the Hilltoppers in closing seconds. Warren

dropped the first contest 55-34 in the last three seconds. The second game saw the locals lose 61-59 in a double overtime.

Kane, which emphasizes basketball more than any other scholastic athletics, showed early power this year defeating Olean by a decisive 71-51.

Warren is going to be handicapped by the probable loss of Dick Danielson who fell in a practice session Wednesday night and sprained both wrists.

Elsewhere the Warren five should be strong. Big "Wink" Rickerson, only returning letterman, will share the forward slots with Jim Mohrner. Bill Dahl is scheduled at center and Steve Lindquist at guard. Danielson's guard position will be filled by either Kenny Hoffman or Jack Karkosky.

Other Dragons set for action are Tom Schaeffer, Louis Van-Blois Ray Bennett, Chuck Still, John Beidine is still a "castaway" with a football hand injury.

Man to watch on the Wolf quintet is Bob Lindquist who racked up 23 points in the Olean-Kane romp. Behind him are two other high scorers, Sonny Bush and Mike Swanson, plus Mike Carlson, Steve DeWalt, Al Cummings.

Mat Rousch is Kane coach of the squad which last year won District 9 championship and was nosed out for Regional honors by Meadville, District 10 champs.

Next Warren game is Tuesday against the Red Raiders of Jamestown at Beatty School.

(Playing on the Warren five the last time Kane was defeated were Paul Gordon, John Berardi, Bob Foley, Jim Stevenson, Paul Shattuck, Mel Groesch, Dick Rutledge and Bob Hampson.)

Warren Grapplers Defeat DuBois

Dragon Wrestlers Overpower Improved DuBois Squad, 22-20

Warren High wrestling team scored a close decision over the much-improved DuBois squad last night in Beatty gym. Dragon matmen were ahead 22-8 until the last two matches when Iver Stenberg lost a close decision and Ron Bowen fell into a half nelson and was pinned.

A crowd of about 300 enthusiasts accompanied by the cheerleaders led the Blue and White to its first win of the season.

Dragons got off to a slow start when Larry Campbell lost a close call and Steve Pearson was pinned. Team spark returned when Mick Kondak scored a second period fall followed by John Colvin in the 127 pound class. (John is a Beatty freshman.)

That was the turning point. Denny Platt and Harry Brooker had their respective opponents in several near-fall positions but were unable to hold the advantage for the proper number of seconds.

In the preliminary bouts the Warren High junior varsity grapplers made a promising exhibition.

Ron Hultman and Jim Tinelli decided their opponents while Bruno Zaffino tied his. Craig Brian, smaller brother of Don, was unfortunate enough to lose a very close one.

Next Warren grunt and groan session will be Friday, Dec. 14 at Clearfield.

Varsity summary:
95-pound: Fred Rokosky (D) decided Larry Campbell (W) 11-3.

103-pound: Gail Page (W) decided John Shaffer 4-0.

110-pound: Kreg Reig (D) pinned Steve Pearson.

120-pound: Mick Kondak (W) pinned Jan Cryter.

Many Trades Rumored During Meeting of Minor Leaguers

By JOE REICHLER
Jacksonville, Fla. (AP) — The Cleveland Indians have offered Pitcher Mike Garcia to Detroit and Slugger Al Rosen to Boston for a much-needed first-string catcher and the Cincinnati Redlegs have made a concrete offer to Brooklyn for Third Baseman Randy Jackson.

This information was among a few choice items learned at the minor league convention came to an end today and the baseball folks unpacked their winter clothes for the major league meetings in Chicago starting Monday.

A Tiger official revealed that Hank Greenberg, general manager of the Indians, had offered them Garcia and second-string Catcher Hal Aragon for Frank (Pig) House, the left-handed-hitting bonus catcher.

The same source also said he was aware that Greenberg has made a man-for-man offer of Rosen, the hard-hitting third baseman, to the Red Sox for Catcher Sammy White.

It is believed the Redlegs, seeking to solve their third base problem, have offered Smokey Burgess, their second-string catcher, to the Dodgers for Jackson after having been rebuffed by the Chicago Cubs in an attempt to land infielder Gene Baker and Pitcher Sam Jones.

It also was learned that the proposed multiple trade between Philadelphia and Brooklyn has simmered down to a pitcher-for-shortstop-plus deal between the two clubs. As it stands now, the Phillies, admittedly searching for

Pitt and Miami Polishing Off For Final Big Game Saturday

Miami, Fla. (AP) — Pittsburgh and Miami football teams took on final polish today under lowering skies for their last game of the regular season in the Orange Bowl. The clash, with kickoff at 2:30 p. m. EST tomorrow, will be nationally televised via NBC.

Coach Johnny Michelosen's Pitt Panthers, who arrived last night by plane, got a chance to work out this afternoon in the bowl where Miami's Hurricanes play all their home contests. Michelosen said his 37-man squad was "ready" for unbeaten Miami, but he said

showers predicted for today "wouldn't help Pitt's practice a bit." Calisthenics and volleyball were main features of the day's activities at University of Miami practice field. Coach Andy Gustafson said "To win, our men will have to play their best game of the season. I think they'll do it."

The Hurricanes have rampaged 2,621 yards, an average of 291 per game, in defeating eight teams and tying one this season. They scored 154 points and wielded only 39. The Panthers, who won six, lost two and tied one of their nine games, gained 2,523 yards, scored 128 points and gave up 91.

Miami Capt. Don Bossler, versatile, 200-pound fullback who will lead 16 seniors of the squad in their last game, may work at left halfback against Pitt as he did during one quarter of the Miami-Florida game.

Gustafson said virtually his whole Miami squad was in fine physical fettle. Pitt coach Michelosen said some of his Panthers were nursing bruises.

Challengers For Heavyweight Title Will Meet Tonight

New York (AP) — After watching Archie Moore's performance in his futile bid for the heavyweight title, his challengers in the light heavyweight class have taken new heart. Two men who hope to earn a shot at Archie's 175-pound title meet tonight at Madison Square Garden in a match between Tony Anthony of New York and Gordon Wallace of Toronto.

The 10-round bout will be carried on NBC radio and television at 10 p. m. EST with two judges and a referee scoring by rounds.

Anthony doesn't often leave matters up to the judges. He either wins or loses by knockout. His 28-4 record for 32 fights includes 21 knockout victories. He has been stopped four times.

Wallace, the British Empire light heavy champion on the strength of a decision over Ron Barton at London in June, has a 31-11-1 record for 43 starts since 1950. He has flattened 15 and was stopped four times.

Final Swimming Events Almost Wrap Up 1956 Olympic Games

Melbourne (AP) — Mrs. Pat McCormick completed an unprecedented "double double" by leading an American sweep in the women's Olympic platform diving tonight after young Murray Rose and Lorraine Crapp climaxed Australia's brilliant swimming performance.

The final swimming events just about wrapped up the 1956 games. All that remains is a playoff between Russia and Yugoslavia for the soccer gold medal and a brief closing ceremony late tomorrow afternoon.

Mrs. McCormick, the 25-year-old diving queen from Lakewood, Calif., thus duplicated her 1952 gold medal in the platform event, after an earlier successful defense of her 1952 springboard title. No one ever had won both events in successive Olympics.

Mrs. Juno Irwin, Glendale, Calif., was second and Paula Jean Myers, Glendale, Calif., third as the United States gained its 32nd gold medal of the Games, but lone title of the day.

Russia, having already handed the Americans their first defeat for the unofficial all-over Olympic team title, added its 36th gold medal with a team championship in women's gymnastics. Hungary won the only gymnastic event of the day, however, taking the team drill with portable apparatus.

The Russians, winning a bronze medal in water polo while Hungary defeated Yugoslavia for the championship, now have a total of 712 points and a 118-point lead over the United States. The Yanks completed their Olympic competition with 593.

Rice's Owls Take Measure of a Good Minnesota Team

By BEN OLAN
The Associated Press
Rice's Owls served notice today they have big guns to end Southern Methodist's two-year reign in the Southwest Conference and gain a leading national basketball ranking in the process.

The Owls put together an impressive 19-5 record last season. Four of their defeats, however, came in conference play. So they had to take a back seat to SMU, which won the title.

Last night, the Owls took the measure of a good Minnesota team 79-74. The Big Ten Gophers fought Rice to a 69-69 standstill until the final five minutes when the Owls piled it on as Gerry Thomas scored six points.

Temple Tucker, the Owls' 6-10 sharpshooter, hit for 22 points. Arkansas, which finished second to SMU last year, was forced into overtime to beat Tulsa 77-70 in another nonconference encounter. Joe Carpenter's two free throws put the Razorbacks ahead for good against their Missouri Valley opponents.

In other games, Washington had Lee nipped William and Mary 79-72 in the Southern Conference; Louisville, last year's NIT champ, defeated Detroit 91-78; Iowa State dumped Brigham Young 57-48; Connecticut whipped Yale 77-66; and Fordham edged Maryland 68-62.

Holiday Hours To Start December 12 Federal Income Tax Forms Are Available At the Post Office For 1956 Returns

As further inducement to Early Mailing for Christmas and for the benefit of those who wisely heed the advice of the Postmaster on this score the Warren Post Office will extend its mailing-window hours beginning Wednesday, December 12th and continue the extended schedule through Tuesday the 18th. During that period the windows will open at 7:30 A. M. and remain open until 6:30 P. M. On Sunday the 16th one mailing window will open at 1:00 P. M. and close at 5:00 P. M. This limited Sunday service was tried for the first time last year and found to be very convenient for many people who could thus miss the inevitable Monday rush.

On Wednesday, December 20th, all windows will be back to their normal schedules. Therefore those who are forehanded and have their Christmas mailings ready early will be able to take advantage of the longer window hours, and escape the usual tedious waiting-line.

The Postmaster has previously, and repeatedly, advised that long distance mailings should be in the post office by December 7, and those for nearby points by December 10. These are safe dates to observe but it may still be possible to effect delivery by Christmas if the following DEADLINES are met: Christmas Cards and Letters: To distant states by December 12; to Pennsylvania and nearby states by December 15; to county and local addresses by the 19th. Packages if Mailed "Special Handling" or "Special Delivery". To distant states by December 10; to Pennsylvania and nearby states by December 14; to county and local addresses by December 18.

SADDLE CLUB NOTE
Y-Bar-U Saddle Club members are advised there will be a work bee at the club grounds in Scandia on Sunday and all are asked to lend a hand. The project will get under way at 10:00 a. m.

Titusville Herald: Burglars swept through eastern Crawford and southeastern Erie counties late Wednesday and early yesterday, striking at five establishments—two of them in Titusville. Runaway Missile Is Believed to Have Landed In Jungle

Washington (P)—The Air Force said today a runaway guided missile is presumed to have landed somewhere in the Brazilian jungle, possibly in the area of the Amazon River.

The missile, understood to have been a Snark, was launched from Patrick Air Force Base, Fla., Wednesday and was set for a total flight of about 3,000 miles.

The course was supposed to have been a closed circuit over the Atlantic but the missile failed to go into the intended turn.

The missile was under radar surveillance as far as the coast of South America.

An Air Force spokesman said that because no reports of the missile's landing had been received, it is probable that it came to earth in some remote, uninhabited jungle area.

If this is the case, the wreckage of the missile probably will never be found. The jungle is so dense that even airplanes have disappeared and never been located.

There was no indication the missile carried any warhead or explosives.

Notre Dame Coach Predicting Better Team for Next Year

South Bend, Ind. (P)—"Next year we'll put out one of the best teams in the United States," Coach Terry Brennan told the annual Notre Dame football banquet last night.

There was a note of confidence at the banquet, attended by some 700 followers, that Brennan will remain as head football coach although his 1956 Irish had the university's worst record ever, 2-8.

"Our sophomores and juniors have received their battle scars," he said, "and next year we'll put out one of the best teams in the United States."

In the main address given by the Rev. Edmund Joyce, executive vice president of the university, Brennan's name was not mentioned. However, Father Joyce recalled that Knute Rockne enjoyed his greatest seasons in 1929 and 1930 after his Irish had a poor year in 1928.

Joseph I. O'Neill Jr., national president of the Notre Dame Alumni Assn., said that he was proud that there is "no talk of Let's fire the coach" and at Notre Dame we have no hanging effigy.

Final organization meeting for YMCA Basketball League will be held Monday evening in the "Y". Anyone desiring to play must attend the final session. League play will begin next Thursday, Dec. 13. Five teams have already been organized and there is a possibility a sixth will form. Bob Hammerbeck, YMCA physical director, reports a special effort has been made this year to balance the strength of all participating teams.

Speaking of Sports ...
DRAGON DASHES: Youngville citizens should be proud of their spacious, well-groomed gym—it is one of the finest in the area. However, one noticeable drawback, is the lack of seating capacity. Mohnkern hit on his first four shots Tuesday to get the Dragons away and going at a fast clip. Dahl continues to dominate the boards, but it seems he should be, tipping in a few of the rebounds off the offensive rectangle. ... Again the entire squad saw

action for the locals ... and Coach Praetzel emptied his bench also ... Winky Rickerson, veteran Dragon cager, was content to feed in the game and as a result he rang the bell for three out of seven attempts. Sharper passing, and more aggressive movement both on defense and offense must be attained before the locals hit the tougher opponents—or else!! Kane's Wolves, snarling and vicious, come down from the hilltop tonight to do battle—and what a battle it should be. The Dragons are still smarting from the two close setbacks at the hands of the Wolves last year, and it goes without saying that they are eager for revenge. It is certain that the Wolves will be accompanied by a large contingent of followers thus making for a hectic time this evening.
